5V CRIMP PANELS

Live Oak Metal Works & Supply's 5V Crimp Panels, more commonly known simply as 5V Panels, are exposed fastener roofing panels that are suitable for residential, agricultural, and light commercial applications. Named for their distinct shape, these panels feature five inverted V-shaped ribs or "crimps" with an interlocking design that provides strength and helps to create a weather-tight seal. Manufactured with American-made Galvalume® coated steel sheet, our 5V Crimp Panels are available in an acrylic coated mill finish for a timeless, classic aesthetic.

TECHNICAL SPECIFICATIONS

- The 5V Crimp Panel profile features an interlocking design for a weather-tight seal and enhanced strength.
- 26-gauge.
- Features strong and durable Grade 80 structural steel with a minimum yield strength of 80,000 lbs/in^2.
- 24" coverage.
- 1/2" rib height.
- 3:12 minimum slope.
- Installs over solid decking with Roofnado™ AnchorDeck™ or AnchorDeck™ PSU underlayment.
- Mill finish AZ55 Galvalume® coated steel sheet with a clear acrylic coating.

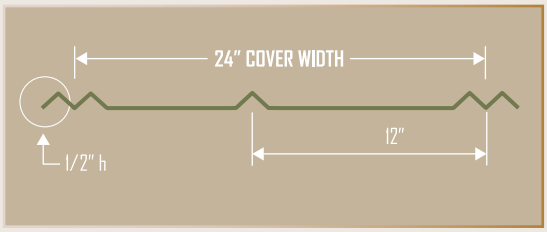
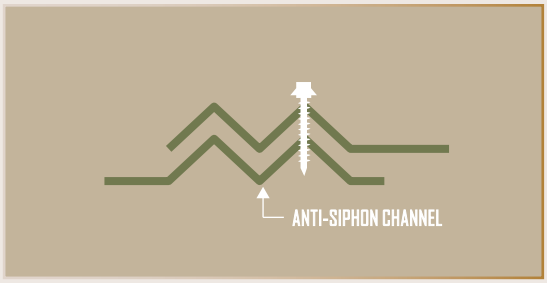
5V CRIMP PANELS

Live Oak Metal Works & Supply's 5V Crimp Panels start with American-made Prime 26-gauge Galvalume® coated steel sheet in a timeless mill finish with a protective clear acrylic coating. A properly-installed metal roof from Live Oak Metal Works will last a lifetime, providing unmatched durability, and will be resistant to fire, rot, insects, and extreme weather.

FEATURES

- Our 5V Crimp Panels are a popular and affordable exposed fastener profile and they're generally compliant with the industry's highest standards for impact resistance, fire resistance, and wind uplift:
  - UL2218 Class 4 Impact Resistance.
  - UL790 Class A Fire Resistance.
  - UL580 Class 90 Wind Uplift.
- Interlocking design that provides strength and helps to create a weather-tight seal.
- Available in 26-gauge.
- 24-inch coverage.
- Custom lengths.
- 45-year warranty on acrylic-coated AZ55 Galvalume® steel sheet.
- Standard and custom trim and all the accessories and tools needed for a quality installation.





MRA METAL ROOFING ALLIANCE

Our metal roofing and siding is proudly made in the South Carolina Pee Dee using only the finest American-made Galvalume® steel sheet.
